PINK PILLS HELPED FROM THE FIRST
Parents of Girls Approaching Womanhood Should Consider the Treatment Which Restored This California Woman to Health.
When the young girl develops into womanhood there is always the danger of a general breakdown unless the blood is pure and red. This is especially true if she overstudies or overworks.
It is a danger, however, that can be easily averted if the warning symptoms of impoverished blood are promptly heeded. Pallor, loss of spirits, depression, lack of ambition and shortness of breath are some of these symptoms which can not be mistaken. To ensure healthful development steps must be taken at once to build up the blood, whenever these symptoms are present. The experience of hundreds of women has proved that Dr. Williams' Pink Pills are the best medicine for this purpose. They are a certain blood builder and strengthen and give health to the entire body.
Mrs. W. M. Lynn, of No. 719 Flume street, Chico, Cal., tells of her cure by Dr. Williams' Pink Pills as she hopes that other suffering women will be led by her statement to give this remedy a trial.
"When I was in my seventeenth year," she says, "I began to suffer from weakness common to my sex. I had never been very strong and now seemed to break down completely. I had headaches every day. My back ached a great deal. I was pale and thin and didn't have ambition to do anything. I would lie around most of the time.
"My home was in Orland and I was treated by a doctor for about two months. He did not help me at all and I gave up his treatment to try Dr. Williams' Pink Pills. They helped me from the first and a few boxes entirely cured me. I have been well ever since."
Parents of girls who go into decline as they reach the period of development should not neglect the first warning symptoms for the whole future health of the child depends upon the way in which she passes this critical time. Nature needs help in most cases and the tonic treatment with Dr. Williams' Pink Pills is the most efficient that can be given.
If you desire full information about this treatment, write for a copy of our free booklet, "Plain Talks to Women."
Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 30 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

TAFT WILL NOT BE AT ROOSEVELT RECEPTION

PRESIDENT TO BE IN PENNSYLVANIA WHEN TRAVELER RETURNS.
Washington, May 26.—President Taft will not attend the home-coming celebration in honor of Theodore Roosevelt in New York, on June 18th. The President has been urged to attend by representatives of the Republican Club of New York, who first suggested the celebration. On the day the former President sails into New York harbor President Taft will be at Villa Nova, Pa., receiving the degree of Doctor of Jurisprudence from St. Thomas College.
There is much speculation in Washington as to just when and under what circumstances President Taft and his predecessor will meet. There is a strong probability, however, that Colonel Roosevelt, as a returning special ambassador representing the United States at the funeral of King Edward, will come to Washington soon after his arrival in this country, to report to the State Department.
In that event, it is more than likely that he will be entertained as a guest at the White House during his stay in Washington.
In case the President and Roosevelt do not meet under these circumstances, it is said their first exchange of greeting will take place in New York city June 24th or 25th at the convention of the National League of Republican clubs. President Taft has promised John Hays Hammond, president of the league, to attend the convention, and Colonel Roosevelt has accepted an invitation to be present and to make a speech.

"In our opinion Mahuka site only available one for Federal building. Recommend adjustment plans to fit available site," such was the cable introduced at yesterday afternoon's meeting of the trustees of the Merchants' Association by Mr. von Hamm and sent last night to Washington in reply to the one advising the association to urge the necessity for the entire block.
The trustees of the association held a meeting at the close of the regular meeting of the members to consider the Mahuka site proposition, and it was the opinion of those present that some kind of a scheme was being worked to change the site and that there was a nigger in the woodpile although they could not put their hands on his hiding place.
"When the architect left here a short time ago he told me that work would be under way in six months," said Mr. von Hamm, "and it is evident that he is not in on this deal for the whole block. He said nothing about the amount of land not being large enough for the building, and this other scheme has been hatched in Washington."
Other opinions were expressed in the same tenor, it being the consensus of opinion that as the officials had opposed the business community in the first place on the site question, they or someone else equally interested were now trying by means of crying the necessity of \$350,000 more money to buy the entire block thus stop the Federal government from starting anything at all and tying up the whole matter again until another site was secured.
In the cable as first presented by von Hamm there was a clause at the end which read, "unless speedy action can be expected to purchase entire block," but this was left out of the cable in its final form. This puts the matter entirely up to Washington, the merchants having gone on record for the Mahuka site and that alone.
